### REFLECTION

- ❖ Paul presents us with several bad motivations for ministry in today's passage: error, deception, people pleasing, greed, etc. In what specific ways are these huge problems when it comes to ministering to people?
- ❖ Do you feel you possess moral authority? Who specifically have you influenced through your moral authority and what was the result?
- ❖ Think over the past week or two, has your conduct adorned the gospel or tarnished it? In what areas do you need to repent where your motivations or conduct were in opposition to the gospel?
